

Why should I buy TMR Tracker Software? Check out these testimonials to see what your neighbors are saying about their TMR Tracker Software.

How has TMR Tracker Software saved you money?

TMR Tracker software has saved us money by allowing us to do a more accurate job at feeding. It has allowed us to track feeding accuracy among feeders and keep track of inventories. The program motivates the feeders to do a more accurate job which saves us money.

Mercer Vu Farms ~ Mercersburg, PA

Inventory control is easy with the TMR Tracker Software and with feed costs at nearly 40% of our expenses, tracking is very important.

Summit Farms ~ Plymouth, WI

I have found the TMR Tracker software has made my feeding operation run smoother and more productively with less paper work than before.

Randy Gibbon ~ Milnor, ND

With TMR Tracker software it's easy to find out what your feeding costs are and what your bottom line is.

Winding Meadows ~ Rock Valley, IA

The TMR Tracker software provides the tools we need to make a complex job interesting, easy and accurate.

Stan Dell ~ Beatrice, NE

With the TMR Tracker software our rations are much more accurate so we know the cows are eating the same ration that's on paper, which gives us optimum milk production.

Steve Echelmeier ~ Fulton, MO

How has TMR Tracker Software made you more productive?

TMR Tracker software allows me to manage feeders and inventories which allows me to predict future usage for our feed needs.

Mercer Vu Farms ~ Mercersburg, PA

We have less refusals, better feed efficiency, and a consistent dry matter intake compared to milk production.

Hill Dairy ~ Warren, IN

We can very quickly and easily make adjustments (change rations, moisture levels, cow counts, etc...) to keep the left over on target and rations consistent on a dry matter basis. It makes changes much less challenging and very helpful in analyzing the results.

Stan Dell ~ Beatrice, NE

With TMR Tracker software we have less paperwork and more time for other things.

Teabow Inc. – Walkersville, MN

The TMR Tracker software provides us accurate information on employee delivery and loading which allows us to be more productive.

Summit Farms ~ Plymouth, WI

TMR Tracker software has helped us monitor dry matter intake, reduce over feeding, increase our income over feed costs, and keep better track of our inventory.

Shafer Farms ~ Middleport, NY

The TMR Tracker software enables us to closely monitor dry matter intake of each pen and compare that to milk production giving us each pens feed efficiency and income over feed cost. This is especially important to us when we make changes to the ration so we can see if it was a beneficial change or not.

Steve Echelmeier ~ Fulton, MO

My mineral bills have seen an improvement due to the fact my feeder now dispenses the exact amount needed.

Richard Bettercourt ~ Turlock, CA

TMR Tracker has eliminated a lot of time spent on book work and recording, giving me more time to do other things that need my attention.

Randy Gibbon ~ Milnor, ND

How has TMR Tracker Software made your feeders productive?

The way TMR Tracker software is designed it makes daily feeding easier & more accurate which allows our feeders to be faster & more productive.

Mercer Vu Farms ~ Mercersburg, PA

With the TMR Tracker software I have now implemented a bonus program to help our feeders understand the importance of accuracy.

Richard Bettercourt ~ Turlock, CA

With the TMR Tracker software we have fewer mistakes with loading and delivery. **Hill Dairy ~ Warren, IN**

Our feeders are more conscious of being accurate and deliver the ration that the nutritionist provides. **Summit Farms ~ Plymouth, WI**

TMR Tracker provides a very clear verifiable target for the feeders and brings consistency and accuracy to the loading and feeding process.

Stan Dell ~ Beatrice, NE

Our feeders have become much more accurate at ingredient loading and ration delivery. They have cut down on shrink and see the value of that on paper. **Steve Echelmeier ~ Fulton, MO**

TMR Tracker software has made our feeders more productive by making them a lot more accountable for what goes into the rations.

Packard Farms ~ Clare, MI

Would you recommend TMR Tracker to another producer?

Absolutely, dollar for dollar some of the best money spent on our dairy.

Stan Dell ~ Beatrice, NE

For the value and the ease of use, I would recommend the TMR Tracker to another producer. When compared to other programs it is a lot less expensive and easy to use.

Purchased feed is our largest cost and the TMR Tracker helps us keep tabs on those costs.

Mercer Vu Farms ~ Mercersburg, PA

Absolutely, I did some extensive research prior to purchase and for the best value TMR Tracker is the answer. **Kelsay Farms ~ Whiteland, IN**

I have looked at other systems before going with the TMR Tracker program and found that there were more expensive system out there but they were not as good as TMR Tracker. The price for TMR Tracker is very reasonable which not only includes the program but the 24-7 technical support as well. **Randy Gibbon ~ Milnor, ND**

I recommend TMR Tracker to any producer looking to decrease ingredient shrink, wanting peace of mind that the herd is eating an accurate ration, needing to make the feeders more accountable or desiring to track dry matter intake or income over feed costs. TMR Tracker has not only saved us money, but made money for our operation. **Steve Echelmeier ~ Fulton, MO**

How helpful has the Technical Support and Service been for you?

When we have had a problem technical support has always resolved it quickly resulting in very little down time.

Mercer Vu Farms ~ Mercersburg, PA

Excellent, I'm very impressed. Digi-Star technical support has helped us whenever we have had a problem.

Union Dairy ~ Sauk Centre, MN

The technical support staff at Digi-Star has gone over and above the support that I expected. They always answered my questions and are very helpful. **Randy Gibbon ~ Milnor, ND**

The technical support has been superb and with a 24-7 support line you can call them whenever the need arises. They are very knowledgeable and friendly, even at 5AM! **Steve Echelmeier ~ Fulton, MO**
